The EWWR website finally got a new look and now speaks 9 langauges!

Since its launch in September 2020, our new website got half as many visitors (33K) compared to the number of visitors in the period November 2018/November 2019 (69K)

The media talked about us, and a lot!

At the EWWR Secretariat, we did out bit too ...

We engaged our ACR+ colleagues in a digital clean-up.

It was tougher than we expected! But our servers and mailboxes already feel a little lighter.

Here is what the EWWR Secretariat would like to improve for EWWR 2021

The registration system and the management of actions. Although there were improvements compared to last year, it did not always work properly and we had to disable some functionalities in order to solve problems.

Communication about the registration system, the fact that actions must be registered on the website. This is something we need to keep repeating, and we need your support in this since you are the local voices of the campaign.

We will keep working to involve coordinators from new countries, also beyond Europe.

What about you?

Let us know how the campaign went in your region, send us pictures to share on Flickr & social media, send us suggestions to improve next years' campaign.

You can do so by emailing us at contact@ewwr.eu

THANK YOU

Thank you for your passion and hard work. You are the ones who make the EWWR possible year after year.

Let's keep up the good work!
